БЕЛЕЖКИ

The AGROMA MILLENIUM ST boom sprayer features a 3,000-litre polyethylene main tank, a 300-litre clean water r inse tank and a 25-litre hand-washing tank. The new VFSM boom, available in lengths from 15 to 18 metres, i s electro-hydraulically controlled and features an anti-sway system. A Bertolini 5-piston diaphragm pump, LED lig hting and an operator station with 5-way valves ensure efficiency and precision during operation. * Options:
ISOBUS compatibility, additional sections (max. 7, on ISOBUS versions),
air brakes,
hose and brush
