БЕЛЕЖКИ

The AGROMA MILLENIUM ET boom sprayer features a 3,000-litre main tank, a 300-litre clean water tank for rinsing and a 25-litre tank for hand washing. The new A2SB boom, controlled electro-hydraulically by Bosch Rexroth, is available in lengths from 20 to 28 metres and features a unique anti-sway system. The Bertolini pump delivers high capacity, whilst the SMART 2 DGPS control system ensures precise section control. * Options:
ISOBUS compatibility,
Height and tilt correction via ultrasonic sensors,
Air brakes,
Night-vision infrared camera for reversing,
A2SB 28-metre boom
