MEDI 1.60	**AMMERS: 24 · POWER (hp): 40 · L ENGTH (mm): 1780 · WIDTH (mm): 110 0 · WEIGHT (kg): 350**

БЕЛЕЖКИ

The MEDI mulcher is designed to clear vineyards and orchards of grass and branches between the rows of plants, wh ich are then converted into natural fertiliser. This innovative machine features automatic belt tension adjustment an d has a low profile, allowing it to clear vegetation close to the roots without straying from the tractor's path and w ithout the risk of damaging young plants. The shredder is perfectly balanced and does not cause vibrations whilst ro tating.
