БЕЛЕЖКИ

MAIZCO PREMIUM is a professional maize header designed for high productivity and minimal harvest losses. It is f itted with rollers featuring 4 blades or 6 steel plates, 52-link lifting chains for lower harvesting, and hardened gear wheels for a long service life. The header features adjustable cutting plates and an adjustable angle of attack for opt imum performance under various conditions. It is compatible with John Deere, Claas, New Holland, Case IH, Mass y Ferguson and other brands of combine harvesters.
