БЕЛЕЖКИ

AGROMA MILLENIUM T boom sprayer
The sprayer is fitted with a main tank of 3,000 or 4,000 litres, as well as a clean water rinse tank and a hand-washing t ank. The A2SB boom, with lengths of up to 28 metres, and electro-hydraulic control from Bosch Rexroth, offers pre cision and easy adjustment. The self-levelling suspension and robust shock absorbers ensure stable operation, whil st the Bertolini pump and Arag Delta80 monitor add functionality and control.
* Additional options: ISOBUS compatibility, automatic steering, height and tilt adjustments, and an infrared n ight-vision camera
